Thank You, Lance

I am really excited to see the review of Nifty Nirvana by Lance Beggs in his latest news letter ([Read](#)). I am so happy to get a positive review from someone I consider as my mentor and guide. I consider this as recognition for the efforts I have taken for the last 18 months to build this blog. The review has really given a boost to my confidence in the method.

Lance Beggs is a full time day-trader with a current preference for Forex, FX futures and Emini-futures markets. His style of trading is discretionary, operating in the direction of short-term sentiment within a framework of support and resistance.

He is the founder and chief contributor to YourTradingCoach.com, which is literally a treasure trove for the price action trader. He is publishing a weekly news letter on the subject which you can subscribe for free. His 6 volume book "YTC Price Action Trader" is a must read for every price action trader

Thank you very much for the review, Lance. God Bless You.

ST,
Great Blog! Very inspiring! I'm also a friend of Lance and the YTC-PAT. Always refreshing to find someone with the same way of thinking as me, with cool, new ideas to widen my view into trading. Thanks Lance. ST, I'll be watching.
