06052013

Nifty opened within previous day range and sold. BOF of the PDL was a signal to go long above the MC.. This trade moved well even though it tested the patience for a while.. Missed the down move as I could not get a reliable entry trigger. BOF of PDL gave another long. This trade also moved 20 points.

It is always good to see your blog at evening. I actually took the first BPB and the BOF. Missed the last BPB.
