There is a substantial risk of loss associated with trading Derivatives . Losses can and will occur. My methods will not ensure profits

26022013

Today I was not trading live. Nifty opened within previous day range. BPB of PDL gave a short. signal. Another opportunity was a short below BRN when two attempts rise above 5800 failed. There was nothing to do other than trailing the stops. But in reality you may end up as a loser on such days attempting unnecessary CT trades
