Nice to see that! Will it be paid or a free ebook?

Yes. This is the book I am currently working on. This will be an ebook for FREE distribution. Do not expect anything new. I just want to show the struggling traders that there is another way to proceed and it is possible to trade price action in its purest form. Anything can be learned if we are genuinely interested in it. I am really enjoying it. Writing, editing, formatting, and even cover designing. Quality may not be that much professional.

Hi ST,

That is really great news for FOLLOWERS of your blog LIKE ME.

Though your BLOG has now become READY RECKONER for PRICE ACTION TRADING.

So this will be useful for people who want to learn more.. rather as you said those who are struggling can get some MORE CLARITY of the CONCEPTS you are using.

My Best WISHES
