There is a substantial risk of loss associated with trading Derivatives . Losses can and will occur. My methods will not ensure profits

31082012

Today I could not watch the Market in the morning. When I came the announcement drama was over. BOF of PDH/HOD gave a short signal and gave a fantastic trade. MSP from where yesterdays vertical move started acted as support. I expected a retest of LOD and a long signal. But it did not happen. Notice the point marked A. We can try a short here with SL above HOD aiming for FTA, BRN.
