28052013

Nifty opened within previous day closing range. IR Formed. BOF of PDH gave a short below BRN and MC. My first target was MSP/DO. When it broke this area I thought there could be another leg down through the Fluid. Covered on BOF of the area. Long above the Tight trading range . TP at BRN. . Did not attempt the BOF of HOD and later BOF of BRN

Was it due to msp that fluid didn't play out?

Rajesh

Not because of MSP. Price take the path of least resistance and I did not expect any strong opposing order flow in the fluid area. But market proved me wrong
