15102012

Nifty opened near PDL. and traded below it till noon. Did not attempt a short because of the MSP around which a 80 point momentum run originated. Entered long when the second attempt to move down failed. Scratched the trade when the breakout of PDL-DO failed. Missed the 40 point run.

bizagra

Thanks

Tweak the method to your own comfort level without violating the core concepts. Own the system it will work

ST
