There is a substantial risk of loss associated with trading Derivatives . Losses can and will occur. My methods will not ensure profits

29022012

Nifty gaped up above PDH and printed 2 bull candles. Naturally the bias was for an up move after a pull back. Most of the people might have bought the pull back. Those who went long at the pullback will be stopped out and they will also miss the FTC short trade. The other 4 opportunities were good.

Notice how the price respects the prominent levels like PDH, PDC, DO etc.
