30042013

Nifty gaped up above PDH and drifted down. I was looking to go long at PDH. But PDH and MSP failed to give support. It was too late to short. So skipped the BPB of MSP. Further PDL was too close. Finally went long on the break of MC as BOF of PDL. Scratched when the move failed to move above BRN. Could have made some money had I stayed in the trade with my original stop.
