Nifty opened above PDH and formed a cigarette pattern. Went short on the break down. PDC was a concern, but stop behind PDH a three hour range low was a plus point. This trade did not move as expected. Scratched Did not have the confidence to go long as there was a cluster of resistances above. PDC, PDH, IRH and BRN

Nice ST. Today all the trades short lived. I took the long from BOF at PDC. Closed when it came back below BRN.
