20112012

Nifty gaped up above PDH. Long on BOF of PDH. with SL below BRN. Stopped out. Went short below BRN on BPB of PDH. BPB of PDC gave another short which moved well. BOF of PDL was also a good trade.

Hi JT,

Your articulation of explaining the chart is really good. Just wanted to know if we can draw lines manually in the icharts.

Subs

Yes.You can draw directly on icharts
You can mark your levels and annotate real time

Yes. I did not mark it because I was already long.
Here Nifty has already moved more than 30 points. So need to consolidate for further up move. avoid fresh entries on such late signals.
